Worthy Sirs,

This shall be my last report as Grand Knight. I want to express my deepest respect and thanks for the support and hard work many of you have given to this council over the last two years. No one person can carry a council. It takes the collective efforts of all those participating to accomplish the goals of the council. We have accomplished much, yet much more remains to be done. The mission of the Knights of Columbus is ever before us. It is work that, although with continual achievements, is never finished. Our mission is perpetual, much like the work of the church. Our church can never relent, never let up. The same is true of the Knights. This is the primary reason recruitment is so important. We must ever bring new members into our society to continue the good works of the Knights of Columbus.

We are about to install our new officers later this month (June 27th) for the Council, Assembly and the Ladies Auxiliary. We will also present the Family of the Year and Knight of the Year Awards. I encourage you to attend and show your support for the new slates of officers. Not to mention, the great dinner! There will be a nominal charge, \$6.00 per person or couples ticket for \$10.00 to help defray the cost of the meal. We must have reservations (tickets sold) by June 19th, so we can tell the caterer how many to prepare for. Please see the Chancel-

lor, Herb Baker or the Assembly Faithful Navigator, John Recke, or Pat Viens, the Auxiliary Treasurer for tickets. They should be available by the 1st of June. Brothers, I entreat your continued support and involvement in the Council in the coming years. We have such a great mission and organization. As our society becomes more secular and "politically correct" (cowardly in my opinion), the Knights must be the voice of reason and, in particular, the voice of the unborn. There is a concerted, organized assault on the Right to Life. The sanctioning of murder is an affront to Christianity, our faith and the family. It is appalling that the courts are reluctant to use the death penalty for heinous crimes, yet society will nonchalantly encourage, permit and fund abortion – the killing of an infant. Where's the logic in that? So, be willing to stand up for the unborn and be a witness to your faith.

I will now step down off the "soapbox" and close this out. Again, thank you for your support and hard work for the council. I consider the past two years as a privilege and honor to have been of service to this council. It is my hope that we have moved our mission forward. Please continue to support and work in the council. If you have not been active, please consider helping and supporting our noble cause.

Yours in Christ,
Ron Winn

FAMILY DIRECTOR'S REPORT

The Knight's at the Pelican's Game on the 15th of May was lot of fun. The Pelican's even won the Game. The Knight's have secured 30 tickets for the Pelican's game on Saturday the 29th of August. The price of the tickets will again be \$ 10.00 dollars. A hotdog and drink is included. Fireworks will take place after the game. You can go on the playing field to watch the show. See the Family Director for your tickets.
 We will begin work on the yearly Picnic at our next meeting. Give your suggestions to the Family Director. All ideas will be welcomed.
 Just a short report this month. Will introduce The New Family Director in next month column.
 May God Bless, Fraternaly Yours John Recke, Family Director

**THE ISLAND CROSS STANDS TALL
ON PENSACOLA BEACH**

The 10-foot, cast concrete cross on Pensacola Beach commemorates the first Christian mass held in the United States. The Knights of Columbus first placed it on the north side of Fort Pickens Road in 1959 as part of the Quadra centennial celebration of Don Tristan de Luna's landing in Pensacola, establishing America's first European settlement. Some time later, the cross was moved to its current home on the south side of Fort Pickens Road.

The Cross has stood firm through many bouts with Mother Nature, including most recently Hurricane Ivan, which flattened most gulf-front dunes for several miles east and west. So far, there is no scientific explanation as to why the dune and the cross have been spared so many times. According to several residents, the answer will never come from science but instead can be found from within.
