

# Council 7027 Survey

The council is of concern to all of us. Discussions have revealed that some members have issues that need to be identified and addressed for us to improve our ability to function as effectively as we should. It is important that we get factual feedback from you, the members of this council. Please, take a few minutes and truthfully answer the questions posed. Please refrain from accusatory remarks and hearsay. Be to the point and specific. Generalizations, accusations, and hearsay are difficult to evaluate and take action on. We will evaluate the responses and bring our findings before the council for discussion and then develop a plan of action to improve wherever we can. It is not necessary to put your name on the survey. But, if we don't have a name, we can't get back with you for further information or to discuss the issue presented for understanding on both sides. Where given options, circle the appropriate response.
