

**IMPORTANT NOTICE:** Due to the extremely high heat, San Bernardino County has activated the “Cooling Centers” Programs. Please see the attached lists for a cooling center near your home, parish or school.

PLEASE, if you know or are aware of someone in need that may need assistance, please direct them to one of the Cooling Centers. If you have elderly or special needs neighbors, family or friends, please make it point to check on them. Many areas are starting to lose power and A/C systems are breaking down.

TIP: If running your air most of the time, be sure to limit other electrical use. It may just keep your circuits from tripping or blowing the local transformer.
