

Separated and Divorce Support Group Begins 4/20/09

Mondays at 7:30 pm

The loss of a close relationship, especially a relationship with a spouse, can be equally painful and stressful as the death of a loved one. In fact, many who have experienced both, claim that the death of the spousal relationship, especially through divorce, is even more agonizing than the death of a spouse. We and the Church need to give them a sense of hope that they will come through this ordeal, find healing and, that there is life after divorce. A support group for those who are separated or divorced begins Monday, April 20th at 7:30 pm.
