How does *Faith Direct* work?

This secure program works directly with your bank, in the same way as other electronic funds transfer systems you may already conduct (such as utility bills or your mortgage payment). All transactions are done electronically, debiting your bank account or credit card automatically for the amount to which you have agreed in writing. It is a hassle-free, simple solution for today's busy families.

Can any additional funds be taken from my account other than what I have authorized?

No! The *Faith Direct* program is strictly regulated, and only you can designate the amount of money that may be debited on a monthly basis. We will not disclose any non-public personal information except as required by law. We maintain physical, electronic and procedural safeguards that comply with federal standards to safeguard your information.

When do the transactions take place?

On the fourth day of each month your account will be debited for the total weekly contribution amounts you have authorized. Your Church will receive your contribution within four business days.
